THE IDEA

Every parcel is a pink one.

Packaging is where most people first hold The IDEA. Everything we ship from our own stock, every **Plus** rental and every game night kit uses the pieces in this guide. It works with the Brand & identity guidelines; where they differ, those guidelines win.

One palette

The IDEA Pink and Bulb Yellow on every item, with paper and white. No product colors, no black.

The bulb is never covered

Each item has one label zone. Labels, tape and stickers stay out of the bulb, the lock-up and the brand line.

Paper first

Board, kraft, paper tape and paper padding. The kit case is the one reusable plastic item.

06

08

Delivery labels and shop orders

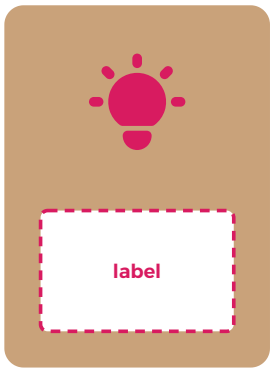

Boxy labels are 100 × 150 mm (4 × 6 in). Every item has one place for the label, and the label never covers the bulb or the brand line.

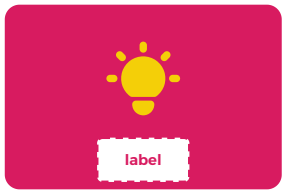

Box · on the base

Pink Mailer · back zone

Kraft mailer · lower half

Kit case · handle tag

- **One zone per item:** the box base, the Pink Mailer's back panel, the kraft mailer's lower half, the kit case's handle tag.
- **Never over:** the bulb, the lock-up, the brand line or the name window.
- **Returns:** the return label goes over the old one in the same zone.

Shop order · own packaging, Boxy label, optional sticker

Shop orders

Shops that sell on the Store ship in their own packaging with the Boxy label they print from Partners. They don't need The IDEA's boxes or tape.

A shop may add the **Sold on The IDEA** sticker next to its own logo, never merged with it, and never on top of the label. Shops never use the bulb as their own mark.

09

Print notes and samples

Pink and yellow must look the same on board, paper, tape and fabric. They are matched by eye from physical proofs, not from screen values.

Colors	Two spot colors everywhere: The IDEA Pink (screen #D81B60), matched from a physical proof per material; Bulb Yellow (screen #F4CF08), close to Pantone 7405 C. Pink Deep only for small details. No black on any brand element; small regulatory text may be ink
Proofs	Order 4 printed proofs of each item and compare them side by side in daylight before any run
Samples	Order 4 finished samples of each box size, mailer and the kit case; ship 4 test parcels across Baghdad to check strength and the label zones
Files	Artwork from the outlined logo files only; text in Alexandria; the wordmark is never retyped
Materials	Paper-based wherever possible: board, kraft, paper tape, paper padding. The kit case is the one reusable plastic item
Regulatory	Recycling marks and the maker's details go small, in ink or pink, on the base or back
